How to QV Costbuilder

The Unitec Library has a subscription to QV Costbuilder which you can use while you are a student here. QV Costbuilder is an online tool for building and construction professionals containing New Zealand building cost data.

Access

- You need to **book a time** to use the Library subscription to QV Costbuilder.
  
  Click on the 📅 icon to go through this page.

- Select a time slot that works for you. Choose a time indicating “1 seat left!”

- Use your Unitec email account to book (or register) your preferred time.
• **OR if you want access straight away**, click on today’s date on calendar. This will bring up all available times over the 24 hours. You will need to scroll down to find current time slots. For example:

![Calendar Image]

• You will receive an email in your Unitec inbox. (Remember to check your spam/trash/clutter). This email will provide a link to QV Costbuilder password and login information on Moodle.

• At your booked time, follow the link from your email, click on the ‘Continue’ button to enrol, using your Moodle username and password. Please contact [IT Support](mailto:ITSupport@unitec.ac.nz) if you have problems logging into Moodle.

![Moodle Image]

• Now you will be on the **QV Costbuilder login information** page. These passwords will be changed regularly.

• Find the username and password **matching your login booking number** and use this to login here. [https://qvcostbuilder.co.nz/app.html#/login](https://qvcostbuilder.co.nz/app.html#/login)
Terms and conditions

- The Terms & Conditions of Unitec Library's agreement with QV Costbuilder means you are not allowed to:
  - share username or password information with anyone outside of Unitec;
  - copy or share any of the content you find on QV Costbuilder.

For full Terms & Conditions, please contact the Library or check here.
